

# MEDIAN clinic Berlin-Kladow

Therapy in a first-class setting

Live your life

Peter Schellmann,  
Clinic director MEDIAN  
clinic Berlin-Kladow

## Dear Sir/Madam,

You, the patient, are the focus of our actions. Because health is a person's most valuable asset and we take that very seriously. That is why the best possible medical care is our main objective.

We individually determine the treatment objective and the necessary therapeutic measures on the basis of the diagnosed impairments and therapeutic concepts together with you and taking into account your specific situation.

The basis of our work in Kladow is an understanding, which has increased over 24 years, that every human being is different and no illness is the same as another.

Security, care and respect play just as big a role in our treatment as medical treatment, physiotherapy, balneotherapy, sport and movement or ergotherapy.

As a result, we offer future-orientated medical care that is aligned to the highest standards in medical care. As market leader, we not only want to be good, we want to achieve the very best for you.

## Treatment focus – neurology

In neurology, we treat all illnesses of the central or peripheral nervous systems, meaning the brain, spinal cord, nerves or nerve roots and the muscles (in so-called “neuromuscular disease”). We have special expertise in all syndromes that are summarised under “stroke” and also other, in some instances rare diseases.

## Treatment focus – orthopaedics

In orthopaedics, we treat all illnesses of the musculoskeletal system, bones, joints, ligaments and muscles. We have particular experience in treating patients after joint replacement operations (endoprotheses). In addition, we have a special offer for patients with pain disorders, e.g. due to illnesses or operations of the spine. We draw on both traditional and new therapy concepts in treatment.

## Residing & a sense of well being

The MEDIAN clinic Berlin-Kladow is a bright and inviting building in warm colours and surrounded by lots of green. On our premium ward, we offer you modern, hotel-standard private rooms with comfortable furnishings. An elegant lounge and spacious rooftop terrace provide a great place to stay and relax.

Our clinic is located in a park just thirty minutes away from the city of Berlin and the centre of Potsdam, in the densely wooded, water-filled area west of the city and very close to the beach on the Havel river. The small district of Berlin-Kladow has completely retained its rural character.

### **You reside in spacious private rooms with:**

- A modern interior at hotel standard
- Electric comfort beds
- A large space for your wardrobe
- Shower, hair dryer, vanity mirror, heated towel rail
- Fluffy dressing gowns and towels
- Spa-inspired bathroom products

### **Our comfortable facilities include:**

- Flat screen TV of at least 39 inches
- WiFi
- Telephone line without base fee
- Room safe
- Minibar with alcohol-free drinks

## High-end gastronomy

“The path to good health leads through the kitchen” said Sebastian Kneipp. That is why we provide special care for your physical well-being at our premium restaurant.

Our nutritional advice is at your disposal as a matter of course and we provide you with a personal menu plan. We have drinks and snacks, newspapers and other media ready for you in our MEDIAN premium lounge.

## Personal service

Our MEDIAN premium service staff will be happy to take care of your needs, help you with all formalities and assist you with communication.

## Transparent prices

Patients who opt for rehabilitation at MEDIAN premium can be sure that we also place great value on transparency of the prices for therapy, accommodation and services.

Depending on your personal requirements, you can choose between Premium, Superior and Executive Suite rooms and book individual services for you or your companion.

If you are paying yourself or coming to us from abroad, we will be pleased to advise you by means of an available diagnosis and provide you with a cost estimate.

If you are privately insured with full or supplementary insurance or eligible for a grant, please contact your insurance company before your treatment and clarify your insurance status.

## About MEDIAN clinics

We do everything we can for your health in our MEDIAN clinics. With MEDIAN premium you can book your desired individual level of comfort in addition to your medical treatment.
