

First-Class Medical Care
MEDIAN Clinic Aukammtal Wiesbaden

MEDIAN Premium at MEDIAN Clinic Au- kammtal Wiesbaden

MEDIAN Premium combines the high quality healthcare complying with the latest developments in postacute care, with friendly, uncomplicated service and the ambience of a first class hotel.

For patients with high expectations, our Premium ward at the Aukamm-
tal clinic offers exclusively furnished
guestrooms, upgraded catering fa-
cilities and individual service by our
dedicated staff.

Welcome to Wiesbaden,

*Klaus Schnettger,
Clinic Director
MEDIAN Rehabilitation
Clinic Aukammtal Wies-
baden*

As a patient, you are the focus of what we do. After all, the greatest wealth is health, and therefore something we take very seriously. Providing you with the best possible medical care is our most important aim.

After considering your specific situation, we work with you individually to assess the treatment goal and the necessary therapeutic measures, based on the impairment diagnosis and the therapeutic concepts.

Our work at Wiesbaden is based on the understanding, which we have developed over many years, that every person is different and that no two illnesses are the same. An atmosphere of security, care and respect plays just as important a role in our treatments as the medical treatment provided by the doctors, physiotherapy, balneotherapy, sport, exercise therapy or ergotherapy.

As a result, we offer forward-thinking medical care in line with the highest medical standards. As a market leader, we are not satisfied with providing commonly accepted therapy. Our aim is to work closely together with our patients to achieve the best possible outcome.

A handwritten signature in black ink, consisting of a stylized 'H' followed by a large, flowing 'B'.

MEDIAN PREMIUM
REHABILITATION

Treatment Focuses

Orthopaedics

We treat all conservatively treatable orthopaedic illnesses, including arthritis, degenerative spinal conditions, hernias and all forms of osteoporosis. Our spectrum of treatments also includes ongoing treatment after orthopaedic, emergency surgery and neurosurgery operations, following hip and knee implants or osteoporotic spinal fractures, for example. We are able to return to our patients a high degree of independence, mobility and capability for a higher quality of life. We achieve this using both natural healing methods and highly modern, computer-supported processes.

Dr. Susanne Becker

Head of Orthopaedics

Specialist doctor for orthopaedics, chiro-therapy and special pain therapy

Telephone +49 (0) 611 / 571-751

Fax +49 (0) 611 / 571-140

susanne.becker@median-kliniken.de

Cardiology

We specialise in the treatment of cardiovascular, vascular and lung illnesses. Our focus areas are subsequent and follow-up treatment after heart surgery (e.g. bypass operations, cardiac valve replacement and heart transplants), cardiac attacks, cardiovascular dilations, cardiac insufficiency of the heart, myocardial inflammations, heart rhythm disturbances and cardiovascular operations (e.g. bypasses on the legs, abdominal vessel operations, chronic obstructive pulmonary diseases, chronic bronchitis, post-lung operation conditions). Of course, we also treat the accompanying illnesses. Our clinic takes full advantage of all of the diagnostic possibilities of modern, non-invasive cardiology and pulmonology.

Dr. Thomas Gräf

Head of Internal Medicine/Cardiology

Specialist for internal medicine/cardiology, physical and rehabilitative medicine, social care and rehabilitative care

Telephone +49 (0) 611 / 571-766

Fax +49 (0) 611 / 571-793

Accommodation & Wellbeing

The MEDIAN Aukammtal Rehabilitation Clinic is situated in the Wiesbaden cure area, at the charming and multifaceted regional capital of Hessen. It is the economic, cultural and social centre at the heart of the Rhein-Main area. The city captivates visitors with its diverse leisure and cultural offerings. Numerous parks and green spaces in the city centre form the "green lung" of Wiesbaden.

You stay in a spacious individual guest room featuring:

- hotel-like interior,
- ample wardrobe space,
- shower, hair dryer, make-up mirror,
- luxury bathrobe and soft towels,
- wellness bathroom products.

The comfortable furnishing of our **Premium Category** rooms include:

- 39-inch flat-screen TV,
- electronically-adjustable comfort bed,
- wireless internet,
- telephone without service charge,
- in-room safe,
- minibar, fridge for private use.

Our **Superior Category** rooms are additionally equipped with two balconies with French doors, a 42-inch flat-screen TV and a king-size bed.

MEDIAN PREMIUM
AMBIENCE

Delicious and healthy cuisine

In addition to an ambience in which one feels comfortable, our delicious and healthy culinary offering has a positive influence on the success of our treatments.

If you wish to maintain your nutritional habits after leaving the clinic, we recommend that you participate in the nutritional consultation and diet seminars. Please discuss this with your responsible doctor during your personal visits.

Personal Service

Your personal MEDIAN Premium concierge will be pleased to assist you with all requirements relating to your stay in the clinic, providing support in dealing with formalities, assisting with language issues and making sure that your rehabilitation is a complete success.

MEDIAN PREMIUM SERVICE

MEDIAN PREMIUM
TRANSPARENCY

Transparent Prices

Patients, who decide for a rehabilitation with MEDIAN Premium can be sure that we place emphasis on transparency in prices for therapy, accommodation and services.

According to your personal preference, you have the choice between Premium and Superior Rooms. Additional individual services, like treatment by a head physician, are available to you on request.

If you are fully privately or supplementary insured, or eligible for benefits, our advisors will communicate with your insurance company before your therapy and clarify possible reimbursement arrangements in order to minimise financial risks for you.

If you are paying yourself or visiting us from abroad, we will provide you with a quotation, based on an existing diagnosis, in advance.

About MEDIAN Clinics

Medical Rehabilitation – Made in Germany

With 45 locations and over 9,500 beds, we are both Germany's largest private rehabilitation provider and the market leader. Across Germany, we take care of the most rehabilitation patients (approx. 127,000 per year). In Medicine as in other areas, it is true that:

*If you do something especially often,
you learn to do it especially well.*
